

Prism-Equus - Heritage Horse

The Heritage horse paintings are 24x30 inches on stretched canvass painted in acrylic. Before delivery the painting will be sealed, varnished and strung ready to hang.

Each painting takes around 4-6 weeks to complete, which means only 12 commissioned paintings are produced each year. Once your commission has been accepted and contracts have been approved and signed you will be given an estimated start date for your painting. Note: if you want to have your painting finished and ready to hang at Christmas time - be sure to order well in advance)

Please answer the following questions as clearly as possible - the more information the artist has regarding not only your heritage but also your personal aesthetic tastes the easier it is for her to create a painting you will love.

Artist Linda Finstad will compose a Prism-Equus Heritage Horse based on the information provided. Note: she will use her artistic skills to weave significant signs and symbols into your painting. Depending on your cultural background there may be many more symbols than room for within the body your horse so she will use those that compliment the shape and muscle tone of the horse. If there is something that you really really want to be featured please let Linda know right at the start of the project - once the work has begun it is too late to make changes or additions. This is why the pre contract consultation is so very important. Once the painting is finished it is finished. No changes or alterations will be made.
